

B-2 Bollard Collection

Steel Bollards for Pedestrian/Traffic Control and Security Barriers

Materials: **Mild Steel and Stainless Steel**

Simplicity and function, our B-2 Bollard Collection offers a selection of basic commercial steel bollards in 4, 6, and 8 inch diameters with fully welded flat or dome cap and a powder coated finish. The B-2 Bollard is often used to protect or control perimeter areas and define a road or pathway. The B-2, 6", and 8" have been used as security bollards and are specified with a concrete fill cap and/or heavy schedule 80 steel pipe on permanent embed options.

- Available in schedule 10, 40 or 80 pipe, as required
- Bollards available in 30", 36", 42", or 48" standard heights
- Choose from three mounting styles: surface, removable or permanent embed
- B-2 Bollard Collection has optional eyebolts for specific projects

B-2 Bollard Collection

Specifications

Part. No.	Description	Size (W x H)	Weight	Mounting
B-0220-40-3004	Dome-top Steel Bollard - 4", 30", Schedule 40	4" x 30", Length 48"	56	Permanent Embed
B-0200-40-3004	Dome-top Steel Bollard - 4", 30", Sched. 40	4" x 30", length 30"	56	Surface

B-02140-40-4808	Flat-top Steel Bollard - 8", 48", Sched. 40, use 8" Receiver	8" x 48", length 66"	204	Removable

Note: All heights listed in description are measured above grade. B-2 Bollards are available in 30", 36", 42", and 48" heights, removable bollard receivers are sold separately.

Bollard Options

Part. No.	Description	Size (W x H)	Weight	Mounting
Bollard Options				
B-REC4	4" Receiver for removable bollard		22	
B-RCC4	4" Receiver Cover for removable bollard		4	
B-REC6	6" Receiver for removable bollard		27	
B-RCC6	6" Receiver Cover for removable bollard		5	
B-REC8	8" Receiver for removable bollard		30	
B-RCC8	8" Receiver Cover for removable bollard		6	
B-LWC	Lockwell Cover		1	
B-EB	Eyebolt (each)		1	
B-PD	Brass Padlock		1	
B-TOP	Separate Top (for concrete-filled bollard)		0	
B-RLWC	Retrofit Lockwell Cover		1	
B-IF	Interior Flange		0	

B-2 Bollards shown above in 5" pipe, also available in 8" dia. and in 30", 36", 42", and 48" heights, removable bollard receivers sold separately.

Choose from several standard powder coat colors. Bollards will have a zinc rich undercoat applied and a polyester based powder coat on top.

Bollard Options: Schedule 10, 40 or 80 pipe, eyebolts. On removable bollards: Receiver cover, lockwell cover and padlock. Mounting: Surface, removable or embed.

- NOTE:
1. Depth and diameter of installation hole may vary with soil conditions. Consult project engineer for correct dimensions.
 2. REMOVABLE BOLLARDS ONLY: Receiver must be installed in drainage rock. Improper installation will void the warranty.
