

## Delta Planters

Delta is a collection of architecturally scaled, three-sided planters designed by Tournesol. Their playful sculptural forms are deliberately different from every angle for visual highlight, contrast, and charm. Place them individually or arrange them in groups to maximize their cool effects. Standard planters solve functional design challenges by defining and

separating space, yet the Delta planters additionally display a unique solution for amenity decks to streetscapes, courtyards, and rooftops.

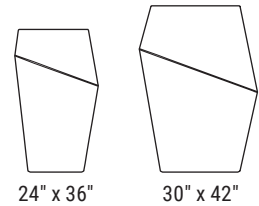

# Delta Planters

- Commercial-grade planters
- Suitable for indoor or outdoor use
- Available in lightweight fiberglass or
- Lightweight Glass Fiber Reinforced Concrete
- A broad range of sizes
- GFRC is 75% lighter than cast concrete
- Planters are water-resistant
- TourneSeal waterproofing sealant available

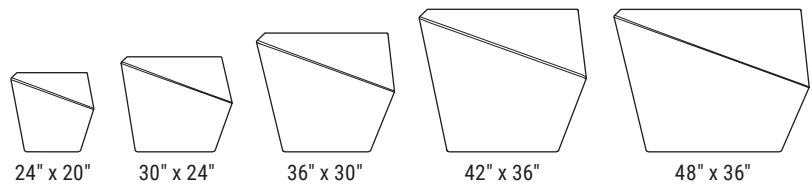

# Delta GFRC Planters

- Lightweight GFRC
- Commercial-grade planters
- Suitable for indoor or outdoor use
- 1-5/8" drain holes standard

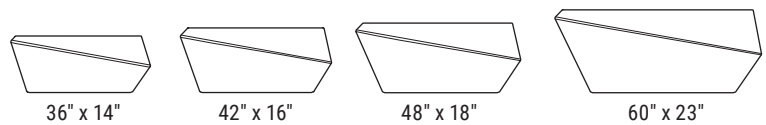

## DELTA TALL

PRODUCT	SHAPE	WIDTH	HEIGHT	BASE SIZE	WEIGHT (LBS.)	VOLUME (CUBIC FT.)	INTERIOR TOP	IRRIGATION
DCT-2436	Three-Sided	24"	36"	14"	90	4.5	13"	CWC-1200
