

Commercial Fountains

A bold fountain can add drama to building entrances and shopping destinations, or bring calm to healthcare and healing spaces.

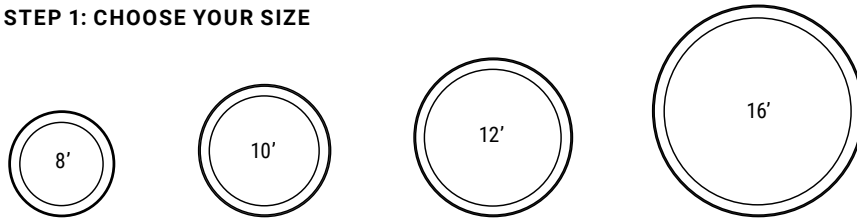

Create a unique fountain by specifying the color, size, and style of your basin, and then include features to suit your project needs.

Our commercial GFRC fountains are turnkey, and include pumps, LED RGB lighting, plumbing, and a programmable controller.

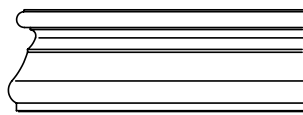

Commercial Fountains

FOLLOW THE STEPS TO DESIGN A UNIQUE FOUNTAIN

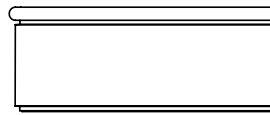

STEP 1: CHOOSE YOUR SIZE

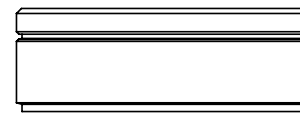

STEP 2: CHOOSE YOUR BASIN PROFILE

Barcelona

Roxbury

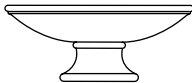

Seattle

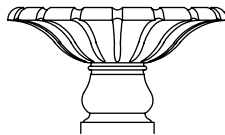

STEP 3: CHOOSE YOUR CENTER FEATURE, OPTION A OR OPTION B

OPTION A: ADD A BOWL

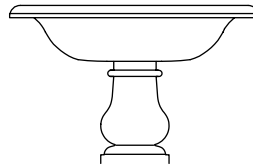

First select bowl style. Each bowl style has a unique jet configuration; see details on page 5.

Crystal

Fluted

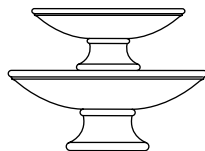

Plaza
(one tier only)

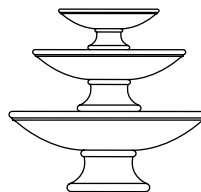

Next select number of tiers. Note: Plaza available in one tier only, and triple bowl not available for 8' fountain sizes.

One Tier

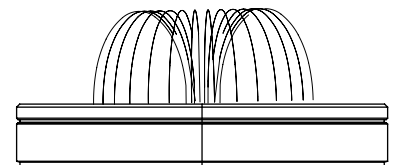

Two Tier

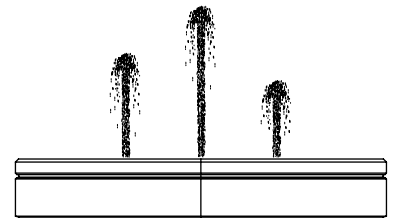

Three Tier

OPTION B: NO ADDED BOWL

Select spray ring or column jet.

Spray Ring

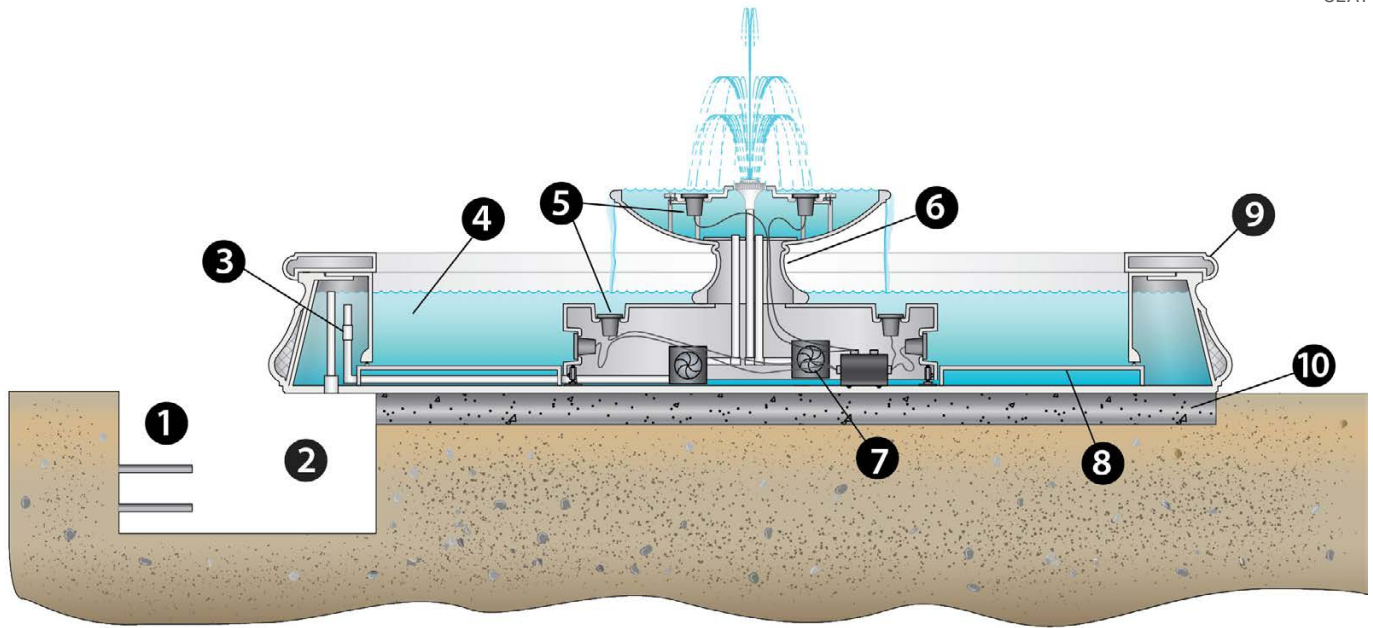

Column Jet

STEP 4: CHOOSE YOUR COLOR

Choose any of our GFRC colors. View colors at tournesol.com/materialsfinishes. Note: Fountains only available in Sandblast texture/finish.

Fountain Components

1. SITE UTILITIES

(by others)

2. UTILITY CONNECTION AREA

Connections for plumbing and electrical. High level overflow drain; manual main drain; manual water fill; automatic water level control.

3. VALVES

Adjust flow to each element in water feature.

4. ACCESS PANELS

Provide easy access to valves.

5. LIGHTS

Niche mounted sealed submersible RGB LED lights with additional cord length to allow extraction from water for service; 14V; UL listed.

6. CENTER FEATURE

Fountain foundation, basin, and bowls made from GFRG Glass Fiber Reinforced Concrete offered in 11 colors in Acid Etch texture.

7. PUMPS

Agency approved/listed direct drive submersible pumps.

8. FLOOR PLATES

9. GFRG FOUNTAIN CAP AND BASIN WALL

10. CONCRETE SLAB FOUNDATION

(by others)

• PLACEMENT/HOISTING

Easy to move with removable "lifting eyes."

• CONTROLS

Timer controls at site breaker panel. 125A outdoor Type 3R load center and 120V 15A programmable controller and transformer; GFCI protection for each component; UL, ETL, TUV, etc. listed.

• BUILT-IN CHEMICAL FEEDER

For using chlorine or bromine tablets.

Barcelona

The classic belly profile of Barcelona fountain features a bullnose return at the top and adds old-world appeal to exterior or interior applications.

Roxbury

The Roxbury basin's rim lends it a slightly more classic feel, but its overall shape and smooth surface are also suitable for modern installations.

Seattle

With clean, straight, modern lines, the Seattle fountain offers simple elegance and contemporary design appeal.

Commercial Fountains

- Complete GFRC fountain system
- Includes basin, jets, plumbing, pumps, and 14V/6W RGB LED lighting, with additional tiers/bowls as described below
- Available in all GFRC colors in Sandblast finish
- Approximate weight between 1,720 lbs. - 5,930 lbs.

To indicate basin style, replace XX with BD= Barcelona, RD= Roxbury, SD= Seattle
