

Aquarian Collection

The traditional water-jar shape inspires the range of Aquarian Collection elegantly curved pots. Use a highly polished finish to get the feel of an outstanding ceramic planter or go with a more rustic GFRC or textured FRP finish for a more ancient feel.

Aquarian Planters, GFRC

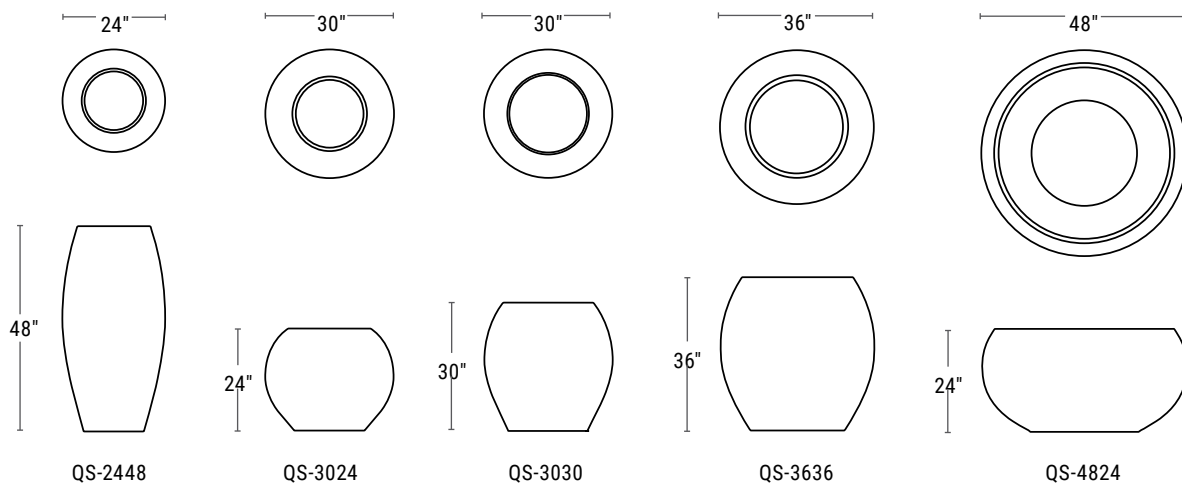

- Lightweight GFRC concrete planters are designed to be durable despite low weight, even for heavy-traffic locations
- GFRC has five available textures
- Coordinates with our self-watering container irrigation products
- Round planter sizes from 24" to 48"
